P.P. Savani Chaitanya Vidhya Sankul
06/2017 – 07/2019

10th Boards | GSEB

Gajera Vidhyabhavan
07/2016 – 05/2017

PROJECTS

Virtual Assistant using Python

06/2022 – 07/2022

- Developed using Python and libraries like **Speech Recognition, PyWhatKIT, PyTTSX3, Ecapture, Winshell, AppOpener, etc.**
- Customized to work even though there is **no internet** available at that moment.
- Developed to perform **20 tasks** just by giving voice commands through a Microphone that includes:
- **Searching for weather, playing a particular song on youtube, capturing photos, sending Whatsapp messages, etc.**
